

At the 2007 MDS Annual Meeting, held February 1, Dr. Lee Nesbitt, Jr. received the Lifetime Achievement Award. He graciously accepted the award and recited a song he wrote about being a medical dermatologist. Enjoy!

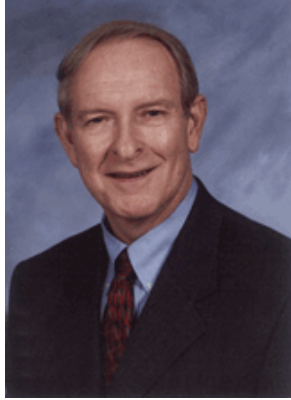

I've Got Med Derm Under My Skin

*I've got Med Derm under my skin
I've got Med Derm deep in my corium
So deep in my dermal venules
Palpable purpura is now a part of me
I've got Med Derm under my skin.*

*I've seen aesthetics, not to give in
I said to myself this botox affair, for me, it never will go so well
So why should I do cosmetics
When baby I know damn well
That I've got Med Derm under my skin.*

*I would sacrifice higher RVU's
To keep pemphigus, pemphigoid and LE ever near
In spite of patient calls that come in the night
And repeat in my resident's ear
Don't you know with Ivlg
You always could win
Use that methotrexate and dapsone mentality
Wake up to your prednisone reality.*

*And from each case that I learn
Just the thought of Med Derm
Makes me sure when each day begins
That I've got Med Derm under my skin
And I like Med Derm under my skin.*

Lee Nesbitt, Jr., MD

2007 Recipient Lifetime Achievement Award
Louisiana State University Medical Center
