

MEDICAL DERMATOLOGY SOCIETY
AT THE
INTERNATIONAL INVESTIGATIVE DERMATOLOGY
ABSTRACT SESSION AGENDA
Thursday, May 17, 2018
Meeting Room: Conway
7:00 – 8:30 AM

DANIELA KROSHINSKY, MD, MPH
MDS Immediate Past-President
Massachusetts General Hospital

JANET FAIRLEY, MD
MDS Past-President
University of Iowa Hospitals and Clinics

ADELA RAMBI CARDONES, MD
MDS Board of Directors
Duke University

07:00 AM	Introduction and Welcome	
07:05 AM	CD72 ^{low} CD19 ⁺ B subset associated with antibody production and corticosteroids resistance in bullous pemphigoid Yao Ke, MD, PhD, Xijing Hospital, Fourth Military Medical University	Abstract 070
07:17 AM	Demographic and serologic features differentiate bullous pemphigoid with and without preceding neurologic disease Kelly Messingham, PhD University of Iowa	Abstract 096
07:29 AM	Do oro-pharyngeal symptoms correlate with endoscopic findings in patients with pemphigus vulgaris? Michal Bohdanowicz, MD/PhD, University of Toronto	Abstract 262
07:41 AM	Prevalence and relative risk of microscopic colitis and chronic diarrhea in dermatomyositis David Pearson, MD, University of Pennsylvania	Abstract 274
07:52 AM	Calciophylaxis: Important issues in the pathologic diagnosis of a still under-recognized entity Erik Williams, MD, Massachusetts General Hospital	Abstract 501
08:04 AM	Impact of Cyclosporine in the management of SJS/TEN Radhika Shah, PharmD, Massachusetts General Hospital	Abstract 502
08:16 AM	The role of surgery in hidradenitis suppurativa management Charles Puza, MD, Duke University School of Medicine	Abstract 1280
08:28 AM	Discussion and Concluding Remarks	

Members of the Medical Dermatology Society (MDS) represent the heart and soul of our specialty: Medical Dermatology. The MDS is made up of the thought leaders of clinical dermatology and the teachers of the next generation of practicing dermatologists. Our members include academicians, private practitioners, and resident physicians. We specialize in the care of patients with serious dermatologic diseases. Our mission is to improve the care of patients with these conditions.

Dermatologists are encouraged to pursue a career in medical dermatology by:

- Encouraging resident presentations at our Annual Meeting
- Developing Advanced Medical Dermatology Rotations for residents to work with experts in our field across the country
- Encouraging dermatology programs to sponsor 5-year combined Internal Medicine/Dermatology training programs
- Coordinating and providing lectures and sessions on medical dermatology topics at major dermatology meetings
- Providing lectures, discussions and case presentations at the annual Medical Dermatology Society Meeting
