

2015 MDS Annual Meeting

Thursday, March 19, 2015
San Francisco, Marriott Marquis
San Francisco, CA

Dear Members of the MDS:

I'd like to personally welcome each of you to the 2015 Medical Dermatology Society Annual Meeting. It's an exciting time for the MDS. As we continue to grow, we remain always adaptable, motivated and responsive to medical dermatology. Our organization is faced with a number of challenges which we're meeting head on during a time of larger nation-wide and global change. The MDS remains committed to sharing knowledge, facilitating collaborative opportunities and supporting the development of inspired dermatologists who will advance the subspecialty.

There has been an increasing interest in the MDS as reflected by the continued increase in abstracts submitted. This year we received a record number of 44 submissions. The Annual Meeting continues to grow in attendance; another record attendance of 248 members joined us last year in Denver. Additional funding for the Annual Meeting was generated this year by selling ads in the Annual Meeting Program Book; and this has generated over **\$5,300** as of **February 14, 2015**. So it appears that the MDS is alive and well and shows signs of continued growth.

I trust you will find the program to be comprehensive and relevant. The MDS Education and Program Committee Members have worked extremely hard to ensure a quality program for all MDS members. Personally I want to thank the Program Committee for their efforts in organizing the 2015 educational program. The committee is composed of Carrie Kovarik, MD (Program Co-Chair); Amit Garg, MD (Program Co-Chair); Milan Anadkat, MD; Adela Rambí Cardones, MD; Robert Micheletti, MD; Vinod Nambudiri, MD; Ruth Ann Vleugels, MD, MPH; and David Wetter, MD.

I'd like to give you an idea of what you can expect and what we hope to achieve during today's Annual Meeting. Edward Cowen, MD and Haley Naik, MD from the National Institutes of Health Clinical Center will feature a discussion on auto-inflammatory diseases of the skin, and Marta Van Beek, MD will explain how value based payment models may affect medical dermatology practice. The content of this activity focuses on current issues that physicians diagnosing or treating patients with complex medical dermatologic problems will encounter during clinical care activities in the outpatient clinic and in the inpatient setting.

Before I close, I'd like to thank each of you for attending the MDS Annual Meeting and bringing your expertise to our gathering. You, as organization leaders, have the vision, the knowledge, the wherewithal and the experience to help pave our way into the future. You are truly our greatest asset today and tomorrow, and we could not accomplish what we do without your support and leadership. Throughout this Annual Meeting, I ask you to stay engaged, keep us proactive and help us shape the future of medical dermatology. My personal respect and thanks goes out to all of you.

If you have any questions regarding the upcoming meeting or other MDS activities, please do not hesitate to reach out to me directly or to our administrative office. The MDS office phone number is 216-579-9300 x6 and the e-mail address is mds@sidnet.org.

I look forward to welcoming you to the 2015 Annual Meeting!

Sincerely,

A handwritten signature in black ink that reads "Janet A. Fairley". The signature is fluid and cursive, with a large, stylized "J" and "F".

Janet A. Fairley, MD
MDS President

JOINT PROVIDER STATEMENT

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the University of Louisville and Medical Dermatology Society. The University of Louisville is accredited by the ACCME to provide continuing education for physicians.

DESIGNATION STATEMENT

The University of Louisville Office of Continuing Medical Education & Professional Development designates this live activity for a maximum of **4.0 AMA PRA Category 1 Credit(s)™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

SYMPOSIUM DESCRIPTION AND TARGET AUDIENCE

The 2015 Medical Dermatology Society's Annual Meeting will feature a discussion on auto-inflammatory diseases of the skin, and a proposed risk based payor model in Dermatology using psoriasis as an example. The content of this activity focuses on current issues that physicians diagnosing or treating patients with complex medical dermatologic problems will encounter during clinical care activities in the outpatient clinic and in the inpatient setting. This program is designed for physicians in the following specialties: Dermatology, Internal Medicine and Dermatopathology.

LEARNING OBJECTIVES

- Recognize auto-inflammatory conditions involving the skin.
- Select the most appropriate therapy for auto-inflammatory conditions based on current evidence.
- Describe how risk based payment models may affect dermatology practice.
- Discuss a potential risk based payment model for psoriasis as an example.

MEDICAL DERMATOLOGY SOCIETY 2015 ANNUAL MEETING

1:00 PM

INTRODUCTION AND WELCOME

Janet A. Fairley, MD, MDS President, University of Iowa

1:01-2:05 PM

ABSTRACT PRESENTATIONS

Presiding:

Carrie Kovarik, MD, University of Pennsylvania

Amit Garg, MD, North Shore LIJ Health System

1:01-1:13 PM Leukemia cutis associated with NPM1 mutation
Auris Huen, MD, PharmD, University of Pennsylvania

1:14-1:26 PM Epidemiology and treatment of eosinophilic fasciitis:
A retrospective analysis from three tertiary care centers
Natalie Wright, MD, Brigham and Women's Hospital

1:27-1:39 PM The natural history of the cutaneous immune system
in stem cell transplantation and graft versus host disease
Campbell Stewart, MD, University of Pennsylvania

1:40-1:52 PM Biochip immunofluorescence microscopy as a new diagnostic
tool for autoimmune blistering skin diseases in Australia
Yi Zhen Chiang, MD, St George Hospital, Sydney

1:53-2:05 PM Clinical features, etiologic associations, and treatment
of palmoplantar pustulosis: A retrospective review of the
Mayo Clinic experience, 1996-2013
Jeannette M. Olazagasti, Mayo Clinic Rochester

2:05-3:05 PM

KEYNOTE SESSIONS: AUTOINFLAMMATORY DISEASES

2:05-2:35 PM Unscrambling The Alphabet Soup Of New
Autoinflammatory Diseases
Edward Cowen, MD, National Institutes of Health
Clinical Center

2:36-3:05 PM IL-1 Illnesses: From Diagnosis To Management Of Pyrexia,
Pustular And Purulent Dermatoses
Haley Naik, MD, National Institutes of Health Clinical Center

Thursday, March 19, 2015
San Francisco, California

3:05-3:45 PM

RISK BASED MODELS IN DERMATOLOGY: EXAMPLE OF PSORIASIS

Marta Van Beek, MD, University of Iowa

3:45-4:10 PM

BREAK/POSTER VIEWING

4:10-5:15 PM

PEARLS OF WISDOM: CASE PRESENTATIONS

4:10-4:25 PM Recalcitrant warty erythroderma with severe pruritus
Gil Yosipovitch, MD, Temple University

4:26-4:41 PM DEB/LP/VORI=SCC/KA
Timothy Berger, MD, University of California, San Francisco

4:42-4:57 PM Hydralazine-induced vasculitis: A potentially delayed diagnosis in critically ill patients
Ashley Keyes, MD, Weill Cornell Medical College

4:58-5:12 PM Granulomatous and neutrophilic dermatoses among patients with multi organ disease
Newsha Lajevardi, MD, Brown University

5:15-5:25 PM

2015 LIFETIME ACHIEVEMENT AWARD

Presented by: Timothy Berger, MD
University of California, San Francisco

Recipient: WILLIAM D. JAMES, MD
University of Pennsylvania

5:25-5:45 PM

COLLABORATIONS FOR RESEARCH WITHIN MDS: LESSONS FROM SPD

Amy Paller, MD, Northwestern University

5:45-6:00 PM

BUSINESS MEETING AND MENTORSHIP AWARDS

6:00-7:00 PM

NETWORKING RECEPTION

A Special Thank You

FOR PROVIDING

An Educational Grant

IN SUPPORT OF THE

*2015 Medical Dermatology
Society Annual Meeting!*

**THANK YOU TO NOVARTIS PHARMACEUTICALS
FOR SUPPORTING THE MDS ANNUAL MEETING!**

Presents with Honor
and Appreciation the

2015
LIFETIME
ACHIEVEMENT
AWARD

WILLIAM D. JAMES, MD
UNIVERSITY OF PENNSYLVANIA

In Recognition of your Distinguished and Inspired
Research, Patient Care and Teaching in Medical Dermatology.

2015-2016 MDS MENTORSHIP AWARD SUMMARY

AWARDEE	AARON MANGOLD, MD, Mayo Clinic Arizona
Mentor	Youn Kim, MD, Stanford University
AWARDEE	CATHERINE S. YANG, MD, Brown University
Mentor	Kanade Shinkai, MD, PhD, University of California, San Francisco
AWARDEE	ALISON SPIKER, MD, Geisinger Health System
Mentor	Carrie Kovarik, MD, University of Pennsylvania
AWARDEE	BOBBY REDDY, MD, Columbia University/NY Presbyterian
Mentor	Art Saavedra, MD, PhD, Massachusetts General Hospital
AWARDEE	MEREDITH HANCOCK, MD, Marshfield Clinic
Mentor	Edward Cohen, MD, National Cancer Institute, NIH

2015-2016 MDS MENTORSHIP PROGRAM SPONSORS

Thank you to the following members for their generous support. Your contributions to the MDS are greatly appreciated.

MURAD ALAM, MD
Feinberg School of Medicine, Northwestern University

JEFFREY CALLEN, MD
University of Louisville

JANET FAIRLEY, MD
University of Iowa

NICOLE FETT, MD
Oregon Health & Sciences University

HARLEY HAYNES, MD
Brigham and Women's Hospital

WILLIAM JAMES, MD

(EX-OFFICIO) 2012-2015

The University of Iowa Roy J. and Lucille A. Carver College of Medicine Department of Dermatology is seeking applications for faculty at the Associate (non-track) or Assistant Professor, Associate Professor, or Professor levels (clinical, non-tenure; or tenure track) in medical dermatology.

The successful candidate will join the Department of Dermatology in providing clinical care, education and research. Clinic space, start up support and laboratory space (if applicable) will all be provided as well as a salary structured with a base salary and incentive program. Research support and opportunities are available. A comprehensive benefit plan is also provided. Iowa City provides the unique combination of a safe, small, and attractive college town with the opportunity to take advantage of abundant local and world-class cultural events. The school system is ranked among the best in the nation.

The University of Iowa is an equal opportunity/affirmative action employer. All qualified applicants are encouraged to apply and will receive consideration for employment free from discrimination on the basis of race, creed, color, national origin, age, sex, pregnancy, sexual orientation, gender identity, genetic information, religion, associational preference, status as a qualified individual with a disability, or status as a protected veteran.

For further information about the Department of Dermatology, please see:

<http://www.medicine.uiowa.edu/dermatology/>

Or contact:

Lisa Lammer at 319-356-3609

lisa-lammer@uiowa.edu

Applicants must complete the online application at:

<https://jobs.uiowa.edu/faculty/view/65671>.

DERMATOLOGISTS

Heal the sick, advance the science, share the knowledge.

Mayo Clinic and Mayo Clinic Health System use the power of collaboration to achieve the highest standards for medical care and health improvement. We are seeking board-certified/board-eligible Dermatologists to join our practice. Opportunities exist in Arizona, Florida, Minnesota, and Wisconsin.

The Department of Dermatology & Skin Care at Mayo Clinic Health System in Mankato, MN is expanding its scope of service with the goal of offering a full range of dermatologic care for both common and rare problems of skin, hair, nails and mucous membranes. Multiple opportunities are available for Dermatologists to join our expanding team in Mankato.

Mankato Practice Details:

- Multispecialty Clinic & integrated hospital owned by Mayo Clinic
- Clinic is located in a new state of the art facility
- Balance between work and free time while earning a highly competitive salary
- Flexibility to build your practice based on your interests, with opportunities for both office based and procedural dermatology
- Opportunities for partnership and collaboration with Mayo Clinic Dermatology in Rochester for Research, Training and Practice opportunities
- No call

Mayo Clinic has been recognized as the best hospital in the nation for 2014-2015 by *U.S. News and World Report*.

Our multi-disciplinary group practice focuses on providing high quality, compassionate medical care. We are the largest integrated, not-for-profit medical group practice in the world with approximately 3,800 physicians and scientists across all locations working in a unique environment that brings together the best in patient care, groundbreaking research and innovative medical education. Mayo Clinic Health System connects Mayo Clinic's respected expertise with Mayo's community-focused multi-specialty groups in 75 communities. We offer a highly competitive compensation package, which includes exceptional benefits, and have been recognized by *FORTUNE* magazine as one of the top 100 "Best Companies to Work For".

To see all available opportunities and apply please visit: <http://mayocl.in/1zPMUZ8>

©2015 Mayo Foundation for Medical Education and Research. Mayo Foundation is an affirmative action and equal opportunity educator and employer. Post offer/pre-employment drug screening is required.

**The Department of Dermatology,
BRIGHAM AND WOMEN'S HOSPITAL**

**Congratulates the
MEDICAL DERMATOLOGY SOCIETY
on another successful year!**

The University of Rochester Department of Dermatology seeks to add a Dermatologist at the level of **Assistant Professor** to its Faculty. The responsibilities of this position include providing outpatient services, and teaching family practice residents, medicine residents and medical students.

The successful candidate must have an MD degree with board certification or eligibility in Dermatology, and have or be eligible for a New York State medical license. The successful candidate will be responsible for enhancing and expanding an academic clinical practice in general Dermatology in the Strong Memorial Hospital affiliated practice network. The selected individual will hold a primary faculty appointment in the Department of Dermatology at the University of Rochester. The candidate will provide clinical care primarily to outpatients, with modest on call coverage for inpatients. The individual will participate in educational programs for residents in Dermatology, Internal Medicine, Family Practice and medical students at the University of Rochester. Engagement in other academic pursuits may include scholarly efforts, presentation of lectures locally and nationally, and pursuit of clinical research. The University of Rochester has a strong commitment to principles of diversity, and in that spirit, actively encourages applications from groups underrepresented in higher education.

The University of Rochester Medical Center is one of the nation's top medical centers, and is at the center of the University's health research, teaching, patient care, and community outreach missions. It receives more than \$145 million in federal research funding annually. The University's health care delivery network is anchored by Strong Memorial Hospital—a 739-bed, University-owned teaching hospital—which boasts programs that consistently rank among "America's Best Hospitals," according to *U.S. News & World Report*.

The Rochester area enjoys a low cost of living with diverse neighborhoods and high quality public and private schools. Situated on Lake Ontario adjacent to the scenic Finger Lakes wine country, it has abundant recreational opportunities with numerous parks, golf courses and lakes. It is home to the highly rated Eastman School of Music, the George Eastman House International Museum of Photography and Film and the International Museum of Play, among many others.

Interested Candidates should forward their Curriculum Vita in Word Format to:

**Congratulations
Dr. James!**

Thank you for a
lifetime of patient
care, teaching,
mentorship,
and kindness!

Penn Dermatology is a worldwide leader in clinical care, translational, and bench research relating to complex medical dermatology. We are excited to take this opportunity to announce the Penn Medical Dermatology Fellowship Program.

This fellowship is geared towards attracting medically oriented residents after graduation to build expertise in numerous areas of medical dermatology, including Connective Tissue Diseases, Vasculitis, Sarcoidosis and other Granulomatous Diseases, CTCL, Blistering Diseases, Inpatient Dermatology, GVH, Global Health, Teledermatology, Infectious Diseases, Scleroderma, Medical Education and more. Interested parties should go to our website or email faculty mentors directly (Bill James, Vicky Werth, Misha Rosenbach).

(If you want to know what these are, come ask Misha... or do the fellowship!)

WORLD-RENOUNDED DERMATOLOGY EXPERTISE

University of California
San Francisco

AT UCSF DERMATOLOGY WE PROVIDE COMPREHENSIVE, PERSONALIZED, INNOVATIVE TREATMENT backed by outstanding clinical expertise, education, training and research. World leaders in the care of patients with skin disease, we're the major dermatology referral center for Northern California. On our Mount Zion and our Parnassus campuses, we offer a wide range of specialty services in adult and pediatric medical, surgical and cosmetic care.

The Dermatologic Surgery and Laser Center, continually at the forefront of skin cancer treatment, has pioneered techniques still used worldwide. Our team excels at Mohs micrographic surgery, a specialized approach with the best cure rates and reconstructive results. The Pediatric Dermatology Clinic, considered the gold standard in its field, is committed to improving the lives of children with every type of skin condition, offering state-of-the-art treatment for disfiguring lesions. UCSF's Melanoma Center has transformed the way experts understand the condition, with discovery of important genetic mutations and molecular-based diagnostic tests. Our collection of tissue and data – one of the largest in the world – has been invaluable for studying melanoma's progression and effectiveness of different therapies.
