

MEDICAL DERMATOLOGY SOCIETY
MINI SYMPOSIUM
Thursday, May 9, 2019
Meeting Room: Continental B
7:00-8:30 AM

MILAN ANADKAT, MD
MDS Board of Directors
Washington University School of Medicine in St. Louis

ADELA RAMBI CARDONES, MD
MDS Board of Directors
Duke University School of Medicine, Durham, North Carolina

JANET FAIRLEY, MD
MDS Past-President
University of Iowa Hospitals and Clinics, Iowa City, Iowa

DANIELA KROSHINSKY, MD, MPH
MDS Past-President
Massachusetts General Hospital, Harvard Medical School, Boston, Massachusetts

- 07:00 AM Introduction and Welcome
- 07:05 AM The characteristics of patients with persistent HHV-6 infection after drug-induced hypersensitivity syndrome/drug reaction with eosinophilia and systemic symptoms (DIHS/DRESS)
Hideo Asada, Nara Medical University, Kashihara, Nara, Japan
Abstract 480
- 07:17 AM Interleukin-6 regulates psoriasis-like dermatitis induced by blockade of programmed cell death 1 signaling
Ryota Tanaka, University of Tsukuba, Tsukuba, Japan
Abstract 057
- 07:29 AM Magnetic resonance imaging for assessment of disease activity in morphea
Jack Christopher O'Brien, University of Texas, Southwestern, Dallas, Texas
Abstract 628
- 07:41 AM Frontal fibrosing alopecia scalp profiling links Th1/Th2 and JAK3 activation with fibrosis and loss of follicular stem cells
Ester Del Duca, MD, Laboratory of Inflammatory Skin Diseases at Mount Sinai, New York, New York
Abstract 917
- 07:52 AM Histologic progression of hidradenitis suppurativa: Implications for future therapeutic intervention
Robert W. Dunstan, DVM, MS, DACVP, Senior Research Fellow, AbbVie, Chicago, Illinois
Abstract 868
- 08:04 AM Effectiveness of etanercept in the treatment of toxic epidermal necrolysis
Biagio Didona, Director of Rare Disease Centre, Istituto Dermatologico dell'Immacolata IRCCS, Rome, Italy
Abstract 547
- 08:16 AM Assessing the incidence of skin and soft tissue infection in patients on biologics
Emily Nguyen, Massachusetts General Hospital, Harvard Medical School, Boston, Massachusetts
Abstract 626
- 08:28 AM Discussion and Concluding Remarks

Members of the Medical Dermatology Society (MDS) represent the heart and soul of our specialty: Medical Dermatology. The MDS is made up of the thought leaders of clinical dermatology and the teachers of the next generation of practicing dermatologists. Our members include academicians, private practitioners, and resident physicians. We specialize in the care of patients with serious dermatologic diseases. Our mission is to improve the care of patients with these conditions.

Dermatologists are encouraged to pursue a career in medical dermatology by:

- Encouraging resident presentations at our Annual Meeting
- Developing Advanced Medical Dermatology Rotations for residents to work with experts in our field across the country
- Encouraging dermatology programs to sponsor 5-year combined Internal Medicine/Dermatology training programs
- Coordinating and providing lectures and sessions on medical dermatology topics at major dermatology meetings
- Providing lectures, discussions and case presentations at the annual Medical Dermatology Society Meeting
