

2016 MDS ANNUAL MEETING

Marriott Marquis

Washington, DC

Thursday,
March 3 | **2016**

PRESIDENT'S LETTER

Dear Members of the MDS:

On behalf of the MDS Board of Directors, I'd like to personally welcome each of you to the 2016 Medical Dermatology Society Annual Meeting. It's an exciting time for the MDS, as we continue to grow, we remain always adaptable, motivated and responsive to medical dermatology. Our organization is faced with a number of challenges which we're meeting head on during a time of larger nation-wide and global change. The MDS remains committed to sharing knowledge, facilitating collaborative opportunities and supporting the development of inspired dermatologists who will advance the subspecialty.

There has been an increasing interest in the MDS as reflected by the continued increase in abstracts submitted. This year we received a record number of 51 submissions. The Annual Meeting continues to grow in attendance; another record attendance of 268 members joined us last year in San Francisco, an 8% increase from the attendance in Denver for the 2014 Annual Meeting. Again this year, funding for the annual meeting was generated by selling ads in the Annual Meeting Program Book; this has generated over \$4,600 as of February 1, 2016, the MDS is alive and well and shows signs of continued growth.

As in previous years, you will find this programming to be comprehensive and relevant. The MDS Education and Program Committee Members have worked extremely hard to ensure a quality program for all MDS members. Personally I want to thank the Program Committee for their efforts in organizing the 2016 professional program. The committee is composed of Carrie Kovarik, MD (Program Chair); Amit Garg, MD (Program Co-Chair); Adela Rambí Cardones, MD; Robert Micheletti, MD; Robert Micheletti, MD; Ruth Ann Vleugels, MD, MPH; Karolyn Wanat, MD; Kevin Wang, MD, David Wetter, MD and Alan Zhou, MD, MSc.

I'd like to give you an idea of what you can expect and what we hope to achieve during today's Annual Meeting. Dermatology Outcomes reports

will be provided by Drs. Robert Swerlick, Emory University; Kristina Callis Duffin, University of Utah; and Eric Simpson from Oregon Health and Science University. Management of Hidradenitis Suppurativa will be featured by Dr. Gregor Jemec from the University of Copenhagen. Dr. Robert Kirsner from the University of Miami will be presenting a session on Wound Management in medical dermatology. The content of this activity focuses on current issues that physicians diagnosing or treating patients with complex medical dermatologic problems will encounter during clinical care activities in the outpatient clinic and in the inpatient setting.

Before I close, I'd like to thank each of you for attending the MDS Annual Meeting and bringing your expertise to our gathering. You, as organization leaders, have the vision, the knowledge, the wherewithal and the experience to help pave our way into the future. You are truly our greatest asset today and tomorrow, and we could not accomplish what we do without your support and leadership. Throughout this annual meeting, I ask you to stay engaged, keep us proactive and help us shape the future of medical dermatology. My personal respect and thanks goes out to all of you.

If you have any questions regarding the upcoming meeting or other MDS activities, please do not hesitate to reach out to me directly or to our administrative office. Welcome to the 2016 Annual Meeting!

Sincerely,

Janet A. Fairley, MD
MDS President

HISTORY & MISSION

The MDS is made up of the thought leaders in clinical dermatology and the teachers of the next generation of practicing dermatologists. The MDS mission is to improve the care of patients whose skin diseases or therapies have substantial systemic consequences; foster research in medical dermatology and assure medical dermatology expertise in community and academic settings.

Members of the MDS represent the heart and soul of our specialty: Medical Dermatology. Founded in 1994, our members include Academicians, Private Practitioners and Resident Physicians who specialize in the care of patients with dermatologic diseases.

The Medical Dermatology Society (MDS) is a physician organization dedicated to:

- Advancing the understanding and treatment of serious dermatologic diseases through education and research.
- Exchanging advances in the field of medical dermatology.
- Promoting the training of dermatology residents, fellows and practitioners in the pathogenesis and treatment of complex dermatologic diseases.

TARGET AUDIENCE, SYMPOSIUM DESCRIPTION AND LEARNING OBJECTIVES

This course is designed for physicians in the following specialties: Dermatology, Internal Medicine and Dermatopathology.

- Session will encourage all participants of this activity to implement some of the new information and/or techniques into their practice. Encourage participants to change as a result of attending this activity.
- Demonstrate knowledge about established and evolving biomedical, clinical and cognate sciences and their application in patient care. Investigate and evaluate patient care practices, appraise and assimilate scientific evidence and improve practice of medicine.

- Identify errors and hazards in care; understand and implement basic safety design principles; continually understand and measure quality of care in terms of structure, process and outcomes in relation to patient and community needs; design and test interventions to change processes and systems of care with the objective of improving quality.
- Communicate, manage knowledge, mitigate error, and support decision making using information technology.
- This activity will provide educational content aimed at closing the defined gap to result in improved knowledge, competence, and/or performance, which could result in improved patient outcomes.

University of Iowa

JOINT PROVIDER STATEMENT

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The University of Iowa Carver College of Medical Dermatology Society. The University Of Iowa Carver College Of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

The University of Iowa Carver College of Medicine designates this live activity for a maximum of 4.0 AMA

PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AMA PRA Category 1 Credits™.

MEDICAL DERMATOLOGY SOCIETY ANNUAL MEETING
Thursday, March 3, 2016 / Washington, D.C.

12:00-12:55 pm

MEETING REGISTRATION

12:55 pm

INTRODUCTION AND WELCOME

Janet A. Fairley, MD, MDS President, University of Iowa

1:00-1:48 pm

ABSTRACT PRESENTATIONS

Presiding: Carrie Kovarik, MD, University of Pennsylvania

1:00-1:12 pm

Pyoderma Gangrenosum Induced by Levamisole-Adulterated Cocaine: Clinical, Serological, and Histopathologic Findings in a Cohort of Patients

Haneol Sam Jeong, BA, BBA
University of Texas Southwestern Medical Center

1:12-1:24 pm

Treatment of Hypereosinophilic Syndrome with Cutaneous Involvement with the Janus Kinase Inhibitors Tofacitinib Citrate and Ruxolitinib

Brett King, MD, Yale University School of Medicine

1:24-1:36 pm

The United States Dermatology Hospitalist Experience with Stevens-Johnson Syndrome/Toxic Epidermal Necrolysis: A multicenter Retrospective Study of 391 Patients

Robert Micheletti, MD, University of Pennsylvania

1:36-1:48 pm

Retrospective Analysis of Symptomatology, Comorbidities and Diagnostic Evaluation of Adults Presenting with Initial Episode of Leukocytoclastic Vasculitis

Andrew Walls, MD
Harvard Combined Dermatology Residency Program

1:48-2:35 pm

DERMATOLOGY OUTCOMES: REPORTS FROM WORKING GROUPS

Presiding: Amit Garg, MD, Northwell Health

1:48-2:05 pm

Update From AAD: Dataderm

Robert Swerlick, MD, Emory University

2:05-2:20 pm

Update From IDEOM: Psoriasis, HS

Kristina Callis Duffin, MD, University of Utah

2:20-2:35 pm

Update From Home: Atopic Dermatitis

Eric Simpson, MD, MCR, Oregon Health and Science University

2:35-2:50 pm

BREAK / POSTER VIEWING

2:50-3:35 pm

KEYNOTE PRESENTATIONS

Presiding: Amit Garg, MD, Northwell Health
Alan Zhou, MD, MSc, University of Miami Health System

Hidradenitis Suppurativa - Co-Morbidities and Management

Gregor B.E. Jemec, MD, DMSci
Professor and Founding Chairman, Department of Dermatology, Roskilde Hospital;
Health Sciences Faculty, University of Copenhagen

3:35-4:20 pm

WOUND MANAGEMENT IN MEDICAL DERMATOLOGY

Robert S. Kirsner, MD, PhD, University of Miami Health System

4:20-4:35 pm

BREAK / POSTER VIEWING

4:35-5:35 pm

SHINING PEARLS: IMPORTANT LESSONS FROM GREAT CASES

Presiding: David Wetter, MD, Mayo Clinic Rochester

4:35-4:50 pm ***Unusual Infection after Liposuction Procedures***
William James, MD, University of Pennsylvania

4:50-5:05 pm ***Maggot Debridement Therapy for Recalcitrant Chronic Graft-versus-Host-Related Skin Ulcerations***
Timothy Almazan, MD, City of Hope Comprehensive Cancer Center

5:05-5:20 pm ***Dapsone and Neuropathy***
Russell Hall, MD, Duke University Medical Center

5:20-5:35 pm ***Restored Response to Infliximab after Treatment with Rituximab to Decrease Anti-Drug Antibodies in Psoriasis***
Wiggin Wu Lee, MD, University of California, San Diego

5:35-5:45 pm

PRESENTATION OF THE 2016 LIFETIME ACHIEVEMENT AWARD

Presented By: Irwin M. Braverman, MD, Yale University School of Medicine

JEAN BOLOGNIA, MD
Yale University School of Medicine

5:45-6:00 pm

BUSINESS MEETING AND MENTORSHIP AWARDS

6:00-7:00 pm

NETWORKING RECEPTION

MEDICAL DERMATOLOGY SOCIETY

Lifetime Achievement Award Recipients

M | DEPARTMENT OF DERMATOLOGY UNIVERSITY OF MICHIGAN HEALTH SYSTEM

Medical Dermatology Faculty Opportunities

The University of Michigan Department of Dermatology is seeking board-certified/eligible dermatologists at all career stages to join our robust and growing clinical practice.

Full-time appointment is preferred, but part-time positions are available. Practice opportunities exist within the main medical center, at established sites and new practice locations in modern UMHS multispecialty facilities, in and around Ann Arbor.

We offer comprehensive benefits and competitive salaries, flexibility to build your practice based on your interests, and resources to support professional growth and development. Academic rank will be commensurate with experience and qualifications.

Ann Arbor is consistently recognized for its high quality of life, excellent schools, and good mixture of modern cuisine, bars, sports, parks, and arts/cultural offerings. To learn more about the University of Michigan Department of Dermatology and our clinical programs, visit: www.med.umich.edu/derm.

Applicants are invited to send their CV, availability and contact information to: John Voorhees, MD FRCP (Voorhees@med.umich.edu). For more information or questions please call us at 734-936-4078.

The University of Michigan is an equal opportunity/affirmative action employer

WORLD-RENOWNED DERMATOLOGY EXPERTISE

University of California
San Francisco

AT UCSF DERMATOLOGY WE PROVIDE COMPREHENSIVE, PERSONALIZED, INNOVATIVE TREATMENT backed by outstanding clinical expertise, education, training and research. World leaders in the care of patients with skin disease, we're the major dermatology referral center for Northern California. On our Mount Zion and our Parnassus campuses, we offer a wide range of specialty services in adult and pediatric medical, surgical and cosmetic care.

The Dermatologic Surgery and Laser Center, continually at the forefront of skin cancer treatment, has pioneered techniques still used worldwide. Our team excels at Mohs micrographic surgery, a specialized approach with the best cure rates and reconstructive results. The Pediatric Dermatology Clinic, considered the gold standard in its field, is committed to improving the lives of children with every type of skin condition, offering state-of-the-art treatment for disfiguring lesions. UCSF's Melanoma Center has transformed the way experts understand the condition, with discovery of important genetic mutations and molecular-based diagnostic tests. Our collection of tissue and data – one of the largest in the world – has been invaluable for studying melanoma's progression and effectiveness of different therapies.

PENN DERMATOLOGY

Since its founding in 1874 as the nation's first department of dermatology, Penn Dermatology remains at the forefront of academic medicine. Penn Dermatology provides groundbreaking clinical care, conducts innovative research and offers outstanding educational programs. Providing care for medically complex dermatology patients, Penn Dermatology maintains an active inpatient consult service with subspecialty clinics in autoimmune skin diseases, graft versus host disease, lymphoma, melanoma, psoriasis, sarcoidosis and vasculitis, performing clinical and translational studies in these areas. In addition, Penn Dermatology provides top educational opportunities and remains committed to training the next generation of medical dermatologists, offering a combined internal medicine/dermatology training program and opportunities for post-residency fellowships focused on complex medical dermatology and/or autoimmune skin disease. For more information on Penn Dermatology Educational Programs, please contact Mary Beth Forte at marybeth.forte@uphs.upenn.edu or 215-615-0585.

Penn Dermatology thanks MDS for their partnership and support throughout the years.

Congratulations to **Dr. Jean Bolognia** at Yale School of Medicine on receiving the **2016 MDS Lifetime Achievement Award!**

YOUR LIFE IS WORTH PENN MEDICINE.

Penn Medicine

The University of Rochester Department of Dermatology seeks to add a Dermatologist at the level of Assistant Professor to its Faculty. The responsibilities of this position include providing outpatient services to adult or pediatric patients, and teaching residents in Dermatology, as well as Family Medicine, Internal Medicine and medical students.

The successful candidate must have an MD degree with board certification or eligibility in Dermatology, and have or be eligible for a New York State medical license. The successful candidate will be responsible for enhancing and expanding an academic clinical practice in general Dermatology in the Strong Memorial Hospital affiliated practice network. The selected individual will hold a primary faculty appointment in the Department of Dermatology at the University of Rochester. The candidate will provide clinical care primarily to outpatients, with modest on call coverage for inpatients. The individual will participate in educational programs for residents in Dermatology, Internal Medicine, Family Practice and medical students at the University of Rochester. Engagement in other academic pursuits may include scholarly efforts, presentation of lectures locally and nationally, and pursuit of clinical research. The University of Rochester has a strong commitment to principles of diversity, and in that spirit, actively encourages applications from groups underrepresented in higher education.

The University of Rochester Medical Center is one of the nation's top medical centers, and is at the center of the University's health research, teaching, patient care, and community outreach missions. It receives more than \$145 million in federal research funding annually. The University's health care delivery network is anchored by Strong Memorial Hospital—a 739-bed, University-owned teaching hospital—which boasts programs that consistently rank among “America's Best Hospitals,” according to U.S. News & World Report.

The Rochester area enjoys a low cost of living with diverse neighborhoods and high quality public and private schools. Situated on Lake Ontario adjacent to the scenic Finger Lakes wine country, it has abundant recreational opportunities with numerous parks, golf courses and lakes. It is home to the highly rated Eastman School of Music, the George Eastman House International Museum of Photography and Film and the International Museum of Play, among many others.

Interested Candidates should forward their Curriculum Vita in Word Format to:

NIH Clinical Research Study of

Anakinra for Inflammatory Pustular Dermatoses

The National Institutes of Health (NIH) is investigating the safety and efficacy of anakinra for the treatment of inflammatory pustular dermatoses. Anakinra is a recombinant interleukin 1 receptor antagonist administered as a daily injection. Study drug, laboratory tests, and study procedures are provided at no cost to participants.

Eligible patients must be:

- Adults diagnosed with inflammatory pustular dermatoses including, but not limited to, generalized pustular psoriasis, palmoplantar pustulosis, acrodermatitis continua of Hallopeau and subcorneal pustular dermatosis.
- Able to travel to the NIH once monthly for 4 months. Travel may be reimbursed.

Study participants may receive:

- A physical exam of the skin, joints, eyes, and heart; blood work, urine analysis, skin biopsy, and imaging studies.

Further details about the study will be shared with the referring physician.

Principal Investigator: Edward Cowen, M.D., M.H.Sc.

The NIH Clinical Center, "America's Research Hospital" is located in Bethesda, Maryland on the Metro red line ("Medical Center" stop).
